FOR IMMEDIATE RELEASE

Hydrant Flushing-Waterline #300 Area

Bowling Green, Ohio-The Northwestern Water and Sewer District's Maintenance Department will be flushing and testing fire hydrants beginning May 29, 2018 through June 29, 2018. This area includes the Village of Bloomdale, Village of Hoytville, the Village of Portage, the Village of Jerry City, south to the unincorporated Village of Rudolph, east to South Dixie Highway and portions outside the Village of Weston; the Bowling Green Road West area from Poe Road west to Potter Road, then south to Euler Road; the Country Manor, Hull Prairie Meadows and Saddlebrook subdivisions; East Gypsy Lane Road; County Home Road, south to US Route 6; Pargillis Road, Hull Prairie Road, Five Point Road, Fort Meigs Road, State Route 582, east of Route 25 and State Route 25 from King Road to Five Point Road; and areas within Washington Township. Testing will be performed between the hours of 8:00 a.m. and 3:30 p.m., Monday through Friday.

Residents may experience rusty water during this period and should run tap water prior to using water for laundry purposes. Should you do laundry during this testing period and rust appears on clothing, rust removing chemicals may be obtained through the Northwestern Water and Sewer District's office located at 12560 Middleton Pike, Bowling Green, between 8:00 a.m. and 5:00 p.m., Monday through Friday. Customers may call (419) 354-9090 or (877) 354-9090 (toll free) if they have any questions or need rust removing chemicals.

Jerry Greiner
President
